PROTECTIVE KICK GUARD

DEFINED HEEL

COMFORT CLASSIC FOOTBED

ASTM F2892-18 M EH

The #490 is a slip-on work boot with a tough kick guard to protect leather in the toe area. It's an ideal choice if you work hard but don't need a safety toe cap.

- Brown premium oil tanned leather work boot (does not have a protective safety toe cap).
- Polyurethane midsole.
- Thermoplastic polyurethane outsole highly resistant to hydrolysis and microbial attack.
- Comfort Classic footbed with XRD® heel and forepart inserts for impact absorption and greater comfort
- XRD® in the heel strike zone for increased impact protection.
- Kick guard toe leather protection.
- Electrical hazard resistant.
- Steel shank for maximum torsional stability.
